Organizing activists who are in the field of security and safety equipment, with the aim of enhancing the quality of police equipment and upgrading its related technologies as well as standardization of equipment.

#### Venue:

The first round of the exhibition was held at the Olympic Hotel, the second at I.R. Iran Broadcaster Conference Center, five periods at the International Exhibition Center and eleven consecutive periods at the Imam Khomeini Musalla. It is planned to hold the 19<sup>th</sup> period of IPAS from 17 to 20 October 2022 at Shabestan Hall of Imam Khomeini Musalla

#### Participants:

In first rounds of IPAS, most participants were among government or government-affiliated entities. However, after the ratification of a law that obliged government to procure some of its required items, such as IT equipment from private companies, the desire of private sector to participate in this exhibition increased from 2007 to 2009. In 2009 private-sector participation reached 50%. Now, importing companies, domestic producers and knowledge enterprises actively participate in IPAS, and this exhibition has become an arena of competition between manufacturers and importers.

As usual, the esteemed Police Chief of I.R. Iran or his deputies attend the inauguration of IPAS exhibition and the most of the military attaches of foreign countries resided in Iran participate in this ceremony. High-ranked military and governments officials, the deputies of security departments, members of parliament and people are among visitors.
